

South West Regional '*This is Youth Work*' workshop

A free workshop for youth workers and service managers led by Bernard Davies from the In Defence of Youth Work campaign.

Date: Friday 11th May 2012

Time: 10am - 1pm

Venue: HDC 101

The youth and community work team at UCP Marjon are supporting an **In Defence of Youth Work** workshop in your region - one of a series running across England between now and Easter.

Via a participative approach, we aim to use "*This is Youth Work: Stories from Practice*", the book and DVD we published in October 2011 in collaboration with Unison and Unite/CYWU, to clarify and reaffirm the kinds of emancipatory and democratic practice which IDYW was set up to defend and which are now under the greatest threat for 60 years.

The workshop will also give those involved in youth work in the region an opportunity to share and discuss their experiences of what is happening to youth work.

The book and DVD are available at:
